REPORT OF THE SCHOOL BOARD

To the Citizens of Antrim:

At the beginning of the school year 1923-1924, the enrollment of the High School was so much larger than for the last few years, it was necessary to take back into the Grammar School the work of the Eighth grade which had been done in the High School. This necessitated some re-adjustments through all the grades.

The same teachers were retained in the elementary schools throughout the town with the exception of the East School, but we had a new corps for the High School. While we regret the necessity of so many changes in the teaching force of the High School, still it seems unavoidable.

The continued generosity of the Antrim Woman's Club provided the schools of the town with a teacher in Physical Education who was with us nearly all the year. The Molly Aiken Chapter of the D. A. R., also, is encouraging the seventh and eighth grades by their continued prizes for work in history.

The teachers and pupils for the year 1924-25 are appreciating very much the electric lights which you have provided for them. The regular school work can be carried on much more successfully during the short and dark days when proper lighting is provided and the eye-strain is relieved.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Antrim, N. H.:

The report of the Superintendent of Schools for the year 1923-1924 is hereby respectfully presented:—

Our Head Master, Miss Laura Newell, resigned her position to be married, and was succeeded by Mr. Corydon R. Nichols, a Clark University graduate. Miss Ruth Davis, a Smith graduate, succeeded Miss Crawford, resigned during the year and was replaced by Miss Esther Sahpiro, who was also a Smith graduate. Miss Miriam Wadhams, a graduate of Simmons College, succeeded Miss Hazel Lougee, as head of the Domestic Science Department. Miss Marjorie Dunton, of Littleton, N. H., a High school graduate, with a summer course at Keene Normal School, succeeded Mrs. Black at East Antrim. We were unable to find experienced teachers for these positions. It is, of course, desirable to engage experienced teachers, when possible, but there is such a demand for teachers in larger towns and cities, and in neighboring states, where higher salaries are paid, that it is not usual for us to find experienced teachers, who have also been successful. However, surely two of these teachers have met with more than usual success; namely Miss Wadhams and Miss Dunton. The remaining members of our teaching corps were with us last year.

The State Board has recognized the preparation of our teachers by granting four of them certificates, five licenses and two permits. Certificates being the highest, and the permit the lowest form of certification, and no one may teach without one of the three forms.

The total amount of teachers' salaries was $8695, an average of $869 per teacher. In experience they range from entire inexperience to thirty years, averaging 12 years. While our grade teachers average 20 years of experience, our high school teachers were wholly inexperienced. We hope it may be possible to find teachers whom we wish to keep from year to year, and that we may find them willing to remain. We have been saved any great amount of harm in this regard, because our grade teachers, who lay the foundation of our children's education have experience, averaging about 10 years in their present positions. The Antrim Woman's Club again paid the salary of our Physical Culture teacher. Miss Evelyn Parker and Miss Alberta Nadeau were sent to us from Keene Normal School for this work. Since this work was started in our school, we have noticed a better posture on the part of pupils in the class room, although something is still to be desired in that direction.

This year's enrollment was 196, composed of 107 boys and 89 girls. Of these 16 were in the first grade, 21 in the 2nd grade, 3rd grade, 17, 4th grade 23, 5th grade 22, 6th grade 16, 7th grade 26, 8th grade 15, 9th grade, 20, 10th grade, 7, 11th grade, 6, 12th grade, 7. The percent of attendance in the village school was 95, and in the three districts 93.3%, both records being good. The tardiness record is not so good, in fact it is poor, and we will strive for improvement. Out of 67 pupils in the village there were 143 tardy marks and from 53 pupils in the rural schools there were 155 tardy marks for the year. We lost 12 days out of the school year by

reason of holidays, stormy weather, etc., leaving only 168 days of actual schooling. An effort is to be made to reduce the number of no school days.

The school records show 33 visits by members of the school board and 195 by parents and others. 195 visits divided among nine teachers averages less than 22 visits to a teacher. It is hoped that more parents may visit the schools. These visits are a great incentive both to teacher and pupils. The Superintendent made more than two hundred visits, an average of more than 23 to each teacher.

Your Superintendent has been in the habit of giving standard tests to the pupils once or twice a year, in order to determine how our output compared with the output of the country as a whole, and from time to time you have been given a statement of these results. This year the State Board of Education decided to give tests in the fundamental operations in Arithmetic, and in Spelling to one class in every high school in the State, the 10th grade was selected. In this grade at the time the tests were given we had but four pupils, as the others had left school. Some were fearful of the results because even one failure among four pupils would tend to lower the average or median, more than would be the case in a larger class. However, the results were not in any way unsatisfactory. The tests were given in January, and though we did better than the state as a whole, yet the State Department was not satisfied with the results from all schools. Therefore, they instructed Headmasters to see that some special instruction should be given in this work, in view of similar tests to be given in June, and again in June we did better than the State as a whole. Below are the figures which tell the story:—

	Addition	Subtraction	Multiplication	Division	Total	Spelling
January						
No. of Examples	19	15	20	15	69	25
Antrim's Score	17.2	14.5	14.4	12.2	58.3	19.8
State Score	16.9	13.8	15.8	11.3	57.8	19.2
June						
Antrim's Score	19.0	15.0	14.8	14.3	63.1	21.5
State score	18.0	14.4	17.4	12.8	62.6	21.5

An examination of the above table shows that we exceeded the State score, both in January and in June, in each operation except Multiplication, and fell below in that operation both times, though the second test was a slight improvement over the first. This was pointed out to the teachers, who took steps to better the condition along that line. In spelling we were above the State Score in January and equal to it in June.

Prizes were given by the Molly Aiken Chapter, D. A. R., for excellence in United States History in the Seventh and Eighth grades. The first prize of $3.00 for the highest rank, of at least 90%, and a second prize of $2.00 for at least 80%. The prize winners were:—

Eighth Grade: First Prize, Dorothy Pratt. Second Prize, Forrest Tenney.

Seventh Grade: First Prize, Elizabeth Tibbals. Second Prize, Carroll Johnson.

Six members of the 12th grade, the Senior Class of the High School, remained to be graduated, and two of them continued their education beyond high school. Miss Edith Barrett went to Boston University, Miss Genevieve Munhall to New Hampshire University.

The High School Commencement exercises were held in the Town Hall at 2.30 Friday afternoon, June 13th, with the following program:

Music	Piano
Prayer	Rev. R. H. Tibbals
Salutatory with Essay	Anna F. McIntyre
Duet	Miss Tandy and Mrs. Butterfield
Class Prophecy	Nelson E. Kidder
Essay, Development of the Airplane	Lester J. Putnam
Class Will	Genevieve E. Munhall
Solo	Miss Tandy
Essay, Modern Transportation	Earl X. Cutter
Valedictory with Essay	Edith F. Barrett
Presentation of Diplomas	Supt. A. A. Holden
Benediction	
Music	

The exercises were a pleasing closing of the school year, the graduates took their parts in a creditable manner, and were listened to by a large audience.

Our closing paragraph is much the same each year, because it is much needed, and constant repetition may make an impression. We earnestly invite parents and friends to visit our schools, not alone on special days, but come unannounced and without special invitation, to see our regular class work.

Respectfully submitted,

A. A. HOLDEN,
Supt. of Schools.

17—To see if the Town will vote to discontinue the three following sections of the highway known as the Keene Road, or Federal Route No. 9, described as follows:

Section A. That part of said highway which lies between the Antrim-Hillsborough town line and the private way leading from said highway to what is known as the Goodell Power Plant.

Section B. That part of said highway leading between a point north of the north-westerly corner of land of Charles R. Jameson (which is at a point about 1500 feet westerly from the junction of said highway with the Liberty Farm road) and a point 100 feet east of the north-westerly corner of land of the Realty Development Corporation, purchased by it of George M. Loveren. which is about 920 feet easterly from the junction of said road with the highway known as the Sarah L. Russell road.

Section C. That part of said highway which lies between the easterly junction of said highway with the highway known as the Sarah L. Russell road and a point 4000 feet (measured along the highway) easterly from the Antrim-Stoddard line.

Also that part of the old highway leading from the Hillsborough Lower Village by the J. Dow Clement farm to North Branch Village which lies between its junction with the Keene Road and a point south-easterly from the easterly corner of the dwelling of Harry W. Harvey.

Also that part of the highway known as the Sulphur Hill road leading from the Keene road to the dwelling of Malcolm S. French which lies between its junction with said Keene road and a point west of the west corner of the Lars O. Nylander dwelling.

Also that part of the highway known as the Sarah L. Russell road which lies between a point south of the south-east corner of the Sarah L. Russell house and its westerly junction with the Keene Road.

Also that part of the highway known as the Wildwood Road leading from the Keene Road to Stoddard Mill Village which lies between its junction with said Keene Road and a point 1200 feet (measured along said road) easterly from the Antrim-Stoddard town line.

All of said highways being shown on General Map No. F450 and General Map No. F449, of Vaughan Engineers, both dated January, 1925, and now filed with the Selectmen of said town of Antrim.

PROVIDED that the Realty Development Corporation, or those claiming under it, will at its own expense, and without any expense to said Town of Antrim, or to the State of New Hampshire, build new highways (which may include re-constructed parts of old highways) to take the place thereof. One of said highways shall extend from said Antrim-Hillsborough town line near the Harry W. Harvey farm to the bridge at the upper end of Steele Pond, connecting with a like highway in the town of Hillsborough. Another of said highways shall extend from a point on the present Keene Road about 1000 feet westerly from the junction of said Keene Road with the Liberty Farm Road to a point on said Keene Road about 4000 feet (measured along the road) easterly from the Antrim-Stoddard town line. Said highways to be build in accordance with the New Hampshire Standards for State Highways of the gravel surfaced type, and are to be built to the acceptance of said Selectmen and the Governor and Council of said State, as represented by the Highway Commissioner, and substantially on the location as shown by said General Plans, and

Provided also such action of the Town shall be approved by the Court and also by the said Governor and Council, as represented by the State Highway Commissioner, in so far as the rights of said State are involved; and

Provided also that it will build a highway of the same general construction as the present Wildwood Road which shall lead from the Keene Road at a point about 4000 feet (measured along the road) easterly from the Antrim–Stoddard line and extend in a northerly direction to a point on the Wildwood Road which is 1200 feet (measured along the road) easterly from said town line, and shall be built to the acceptance of said Selectmen; or take any other action thereon.

18—To hear Reports of Committees, and act thereon.

19—To see how much money the Town will vote to raise to carry the above articles and the appropriation of the School Meeting into effect.

20—To transact any other business that may legally come before said meeting.

Given under our hands this twenty-first day of February, 1925.
